

Medical Technology

Medical Technology represents one of the most significant, high-growth technology industries in Minnesota and is a cornerstone of Oppenheimer’s practice.

» Our MedTech client base includes:

- More than 70 MedTech clients—ranging from start-ups to established public companies
- More than 20 venture-backed, emerging companies
- Industry leading venture capital firms, including Affinity Capital Management, Split Rock Partners, Thomas, McNerney & Partners and Vesbridge Partners

» Our representative experience includes:

- More than 100 private placements of debt and equity for device company clients and venture capital clients in the past five years, with an aggregate deal value in excess of \$1 billion
- Extensive intellectual property counseling in licensing, prosecution, strategy, freedom to operate, reexaminations and competitive assessments
- Complex litigation matters, including employment, “earn out,” distribution and intellectual property disputes
- Capital raising, public company compliance and mergers and acquisition counseling for middle market, public medical device companies, including American Medical Systems and ev3
