

## Tax Planning & Advocacy

Oppenheimer’s tax attorneys provide tax planning and advocacy services to local, regional, national, and international businesses of all sizes.

» Our primary services include:

- Mergers, acquisitions, spinoffs and reorganizations
- Start-up business planning—including investment funds and joint ventures
- Partnership, limited liability company and S corporation tax planning
- Multistate income and sales and use tax analysis and controversy work
- Individual executive compensation matters, including stock option plans
- Federal and state tax administrative and judicial controversies
- International tax planning, including U.S. structuring of foreign operations

» We have successfully handled all levels of judicial and administrative review before Federal and state authorities.

» We stay current with rapidly changing legislation and judicial decisions by writing for a variety of respected tax and legal publications, teaching graduate-level tax courses and lecturing at continuing legal education tax seminars.
