This written statement shall be obtained in conjunction with the audit of the annual financial statements in the month of February each year.

The Committee must confirm that the auditor that is to perform the audit services of the Company does not violate the audit rotation requirements of the Sarbanes-Oxley Act, which specifies that the auditor may not perform audit services for the Company if the lead audit partner or the audit partner responsible for reviewing the audit has performed audit services for the Company in each of the five previous fiscal years.

Reports from Independent Auditors:

The Committee must obtain and review, on an annual basis, a report by the independent auditors describing (a) the firm's internal quality-control procedures, (b) any material issues raised by the most recent internal quality-control control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, with respect to one or more independent audits carried out by the firm, and any steps taken to deal with any such issues, and (c) for the purpose of assessing the auditor's independence, all relationships between the firm and the Company or any of its subsidiaries.
